School Name: \_\_\_\_\_ School Principal: \_\_\_\_\_

This Action Plan, as part of the APS Progressive Planning Model, serves as the APS School Action Plan addressing Standards of Quality and School Board policy and also as the Title I Schoolwide Program Plan: our school community's plan to collaboratively build on our successes and continue to strive for continuous improvement and [accelerated learning for all students](#). We ground the work in the foundations listed in the narrative below. In the table, we detail the focal actions that we plan to engage intensely with this school year and the progress we aim to make towards our goals as we continue to walk in APS' Mission to "ensure all students learn and thrive in safe, healthy, and supportive learning environments", in alignment with the [APS Strategic Plan](#) to realize the APS Vision to "be an inclusive community that empowers all students to foster their dreams, explore their possibilities, and create their futures". Every focal strategy selected for inclusion in our plans for the year ahead is motivated by our commitment to equitable and engaging practices that support each student in our school.
